

*Date:* Thursday, November 7, 2019

*Location:* MIT Building 10, Room 105 (The Vannevar Bush Room), 77 Massachusetts Avenue, Cambridge, Massachusetts, USA

*Reason:* Workshop on economic and environmental impacts of scaling-up low-carbon energy technologies

### ***Agenda***

- 8:30-9:00 Registration and light breakfast
- 9:00-9:15 Introduction – Sergey Paltsev and Adam Schlosser
- 9:15-10:15 Low-Carbon Options with Carbon Capture and Storage (CCS)  
Panelists: Jennifer Morris and Erin Smith; Moderator: Sergey Paltsev
- 10:15-11:15 Climate-related Financial Risks and Disclosure: Use of Scenarios  
Panelists: John Reilly and Henry Jacoby; Moderator: Horacio Caperan
- 11:15-11:30 Coffee Break
- 11:30-12:30 Issues of Greening Electricity and Predicting Intermittency  
Panelists: Adam Schlosser and Xaquín García-Muroz; Moderator: John Reilly
- 12:30-13:30 Lunch
- 13:30-14:30 Reducing Emissions in Transportation and Power Generation  
Panelists: Sergey Paltsev and Mei Yuan; Moderator: Jennifer Morris
- 14:30-14:45 Coffee Break
- 14:45-15:45 Paths towards Decarbonization  
Panelists: Henry Chen and Sergey Paltsev; Moderator: Mei Yuan
- 15:45-16:00 Closing Remarks – Sergey Paltsev and Adam Schlosser

**Attendance at the Energy-at-Scale Workshop is by invitation only. Questions about workshop? Contact Sergey Paltsev at [paltsev@mit.edu](mailto:paltsev@mit.edu)**
